

## Sure Shooting Paintball Park Employment Application

### Paintball Referee Job Description

The paintball referee will be working directly with the public, in all kinds of weather conditions, in a fluid, combative environment. Enforcement of facility rules of play and the safety of the paintball player is the number one responsibility of the referee. The preservation of the facilities and equipment is second and the enjoyment of the participants is third. Work punctuality, reasonable physical health, mobility, adaptability, knowledge of basic first aid, communication, and decision making are required skills. Must be 15 years or older to apply.

Duties include: Facility cleaning, setup and tear down. The explanation, implementation, and supervision of specific games the players will be engaged in from within the game itself. You are required to protect the players from being overshot, if necessary, taking paintball hits that the eliminated player would otherwise absorb. Other duties after additional training will include supervision of the chronograph station, filling tanks, and minor equipment repair. We will furnish you with water to drink and a referee goggle, whistle, rags, and any other items we require you to do your job. When working with the public you must remain polite at all times. Hours of work are every Sunday from 11:30 to 5:30 PM and most Saturdays, generally the same hours. Wage scale starts at \$7.25 per hour.
